PHILIP MORRIS INCORPORATED

INTER-OFFICE CORRESPONDENCE

RICHMOND, VIRGINIA

To: Dr. R. B. Seligman Date: October 25, 1967

From: R. M. Ikeda

Subject: Certification of Low Delivery Saratoga Cigarettes

In reply to your request to have certified FTC Tar determined on the low delivery Saratoga cigarettes, I have contacted Mr. Rodon at Foster D. Snell Labortory and Mr. M. Schmutzer at U. S. Testing Company. The price quoted by Mr. Rodon was $200 for 20 cigarette sample, while Mr. Schmutzer quoted price of about $10/port.

We have initially sent out 60 cigarettes of sample D7AWQ and 30 cigarettes of D7VB (Marlboro Monitor) for 10 and 5 ports of analysis to U. S. Testing Co. These samples should tell us if there are any level differences between U. S. Testing and our results. For certification purposes the sample will be larger and carried out on production cigarettes.

cc: Mr. F. E. Resnik
Mr. R. N. Thomson
Mr. E. Wickham

F.D. Snell - $40/port
$10/port
